SUMMARY

Motivated and curious software enthusiast with a solid foundation in development and a genuine passion for solving real-world problems. Always eager to pick up new skills, grow with every challenge, and contribute to meaningful projects in a collaborative and fast-paced environment. Skilled in programming across multiple languages and always ready to adapt to new technologies.

EDUCATION

- **MASTER OF COMPUTER APPLICATION.**

Rajarajeswari College of Engineering, Bangalore
CGPA: 8.73

Feb 2024 – Dec 2025

- **BACHELORS OF COMPUTER APPLICATION.**

LB and SBS College, Sagara
Percentage: 76.61 %

Jan 2021 – Dec 2023

EXPERIENCE

Prinston Smart Engineers-Full Stack Web Development | Internship

- Completed internship on Full stack web development at Prinston smart engineers and gaining exposure to full stack web development technologies.
- Developed and tested web application using HTML, CSS, MERN stack, improving functionality and user experience.

PROJECTS

- **ONLINE GROCERY STORE | [Link](#)**

I developed an Online Grocery Store, a full-stack e-commerce web application that allows users to browse, search, and purchase groceries online. The platform was built using HTML and CSS for the basic structure and styling, along with the MERN stack (MongoDB, Express.js, React.js, Node.js) for the complete end-to-end functionality.

- **GAIT ANOMALY PREDICTING USING CNN ALOGORITHM | [Link](#)**

I developed a video/image-based gait analysis system that predicts gait anomalies using Convolutional Neural Networks (CNNs). The project focuses on identifying walking disorders by analyzing video or image data and classifying abnormal gait patterns.

- **TECH-WORLD | [Link](#)**

I developed Tech World, a web-based platform designed to share and explore technology-related articles. The application allows users to read articles posted by the admin and interact through a built-in contact section.

SKILLS

- **Programming languages:** Java, SQL, Python (Basics), HTML, CSS, MERN stack (Basics).
- **Tools:** Eclipse IDE, Visual Studio, MySQL, AntigraVity.
- **Version Control:** Git, GitHub.
- **Languages known:** Kannada, English, Hindi.

CERTIFICATIONS

- **PRE-TRAINING PROGRAM (REVATURE) | [Link](#)**

-Completed the Revature Pre-Training Program in Java-Centric Backend Development with Python Essentials.

- **PROGRAMMING IN JAVA (NPTEL) | [Link](#)**

-Achieved NPTEL Certification in Programming in Java.

- **JAVA PROGRAMMING (Great Academy) | [Link](#)**

-Achieved Java programming Certification by Great Academy.
